EXCLUSIVE SENSOR SYSTEM

Every little girl will feel like a princess in this adorable dress.

Sewing supplies

- Husqvarna Viking Sewing machine
- Husqvarna Viking Huskylock (optional)
- Girl's Dress pattern with fitted sleeveless bodice and full skirt
- Dupioni/Thai Silk Fabric, see pattern for yardage
- Notions as specified by pattern
- Fabric for Butterfly Ballerina Overskirt (lay out the skirt pattern from above and figure out how many yards of fabric are needed for one skirt)

TIER 1:

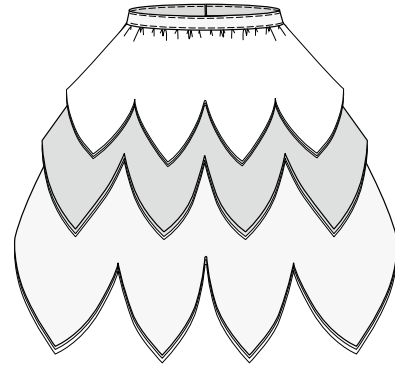

- Pink organza, 2 layers (purchase double the skirt yardage for pattern)
- Soft tulle, 1 layer (skirt yardage for pattern)

TIER 2:

- Checked pink/white light woven fabric, 2 layers (double the skirt yardage for pattern)
- Soft tulle, (skirt yardage for pattern).

TIER 3:

- Pink organza, 2 layers, (double the skirt yardage for pattern)

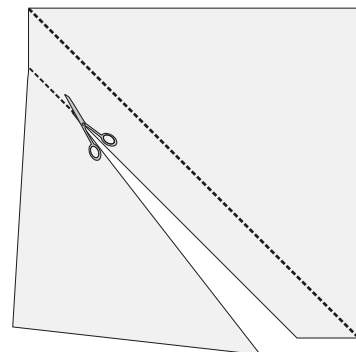

- Soft tulle, 1 layer, (double the skirt yardage for pattern)
- 1" (24mm) wide Satin Ribbon (double length to go around child's waist and tie with ends hanging to floor)

Husqvarna Viking Accessories

- Invisible Zipper Foot (412 68 70-45) (if zipper called for by pattern)
- Edge/Joining Foot (412 79 68-45)
- Swarovski crystals
- Decorative Touch Applicator

Basic dress:

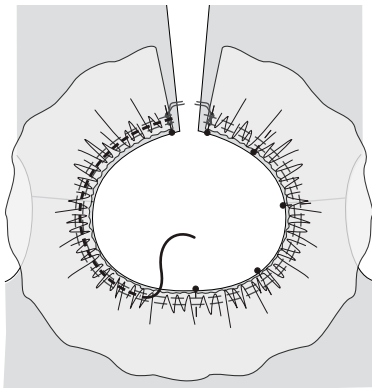

Follow the pattern instructions to cut out and sew the silk dress. To add the optional ruffle at the neckline, before sewing the neck facing on, cut a bias strip of the pink organza scraps the desired width of your ruffle and 3 times the length of the neck opening.

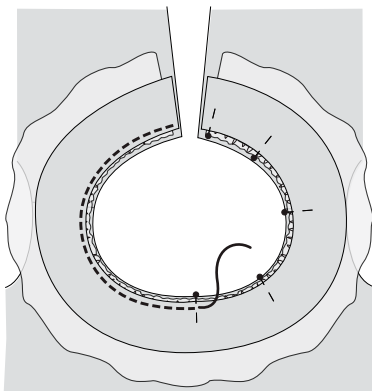

Finish one long raw edge and both short edges of the ruffle strip with a narrow hem or select zigzag stitch, length 2, width 4, snap on the B foot and zigzag off the edge.

Select a straight stitch, length 6 (Touch Baste on the Sewing Advisor) and stitch 1/4" (6mm) from the unfinished long edge. Sew a second row of stitching 1/2" (12mm) from the edge.

With right sides up, pin ruffle to neck edge. Pull up bobbin threads and adjust gathers to fit. Baste.

Stitch ruffle in place and finish edge with facing.

Butterfly Ballerina Overskirt

Cut:

NOTE: Butterfly Ballerina Overskirt consists of tier, 1, 2 and 3. Each tier has three layers. Use your skirt pattern from above.

TIER 1:

Pink organza, 2 layers.

Soft tulle, 1 layer.

TIER 2:

Checked pink/white light woven fabric, 2 layers.

Soft tulle, 1 layer.

Cut all layers in Tier 2 5" (15 cm) shorter than tier 1.

TIER 3:

Pink organza, 2 layers.

Soft tulle, 1 layer.

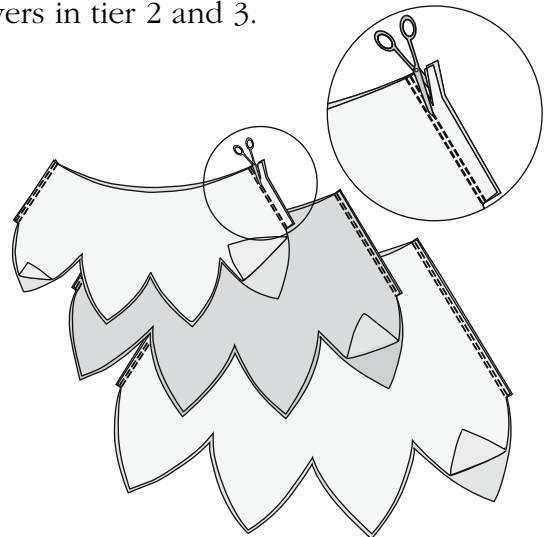

Cut all layers in Tier 3 5" (15 cm) shorter than tier 2. Shape all lower edges as illustrated.

Sew:

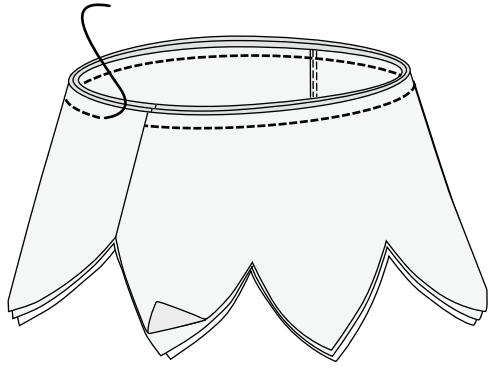

Starting with tier 1, for each layer, straight stitch side seams in two skirt sections. (Select Woven Light and touch Seam on Sewing Advisor.)

Stitch again 1/4" (6 mm) from first stitching. Cut seam allowances close to second stitching.

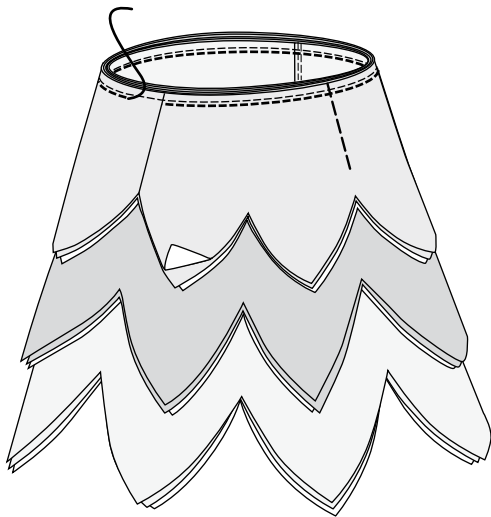

Press seam allowances toward back. Repeat for all layers in tier 2 and 3.

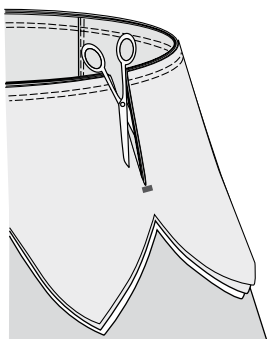

For each tier, pin the three layers together, right sides up, matching centers and seams. Baste the three layers together along the upper edge.

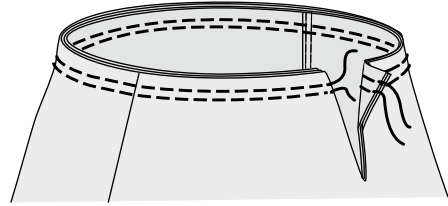

Pin the three tiers together at upper edge, right sides up, matching centers, seams and having tier 1 on bottom and tier 3 on top. Baste along one center. (This is center back).

Slash tiers along center back to create a placket to get into the skirt.

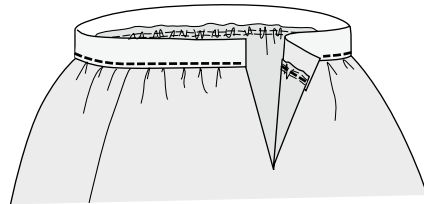

To gather the top edge of the overskirt, machine baste $5/8''$ and $3/8''$ (1,5 cm and 1cm) (touch Baste on Sewing Advisor) from the raw edge.

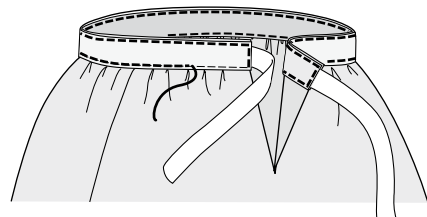

Mark the waist size of your Butterfly Ballerina on a length of ribbon, cut. Cut two identical pieces of ribbon.

Mark equal quarters on the waist size ribbon for center front, center back and side seams. With right sides up, lap lower edge of one piece of ribbon $5/8''$ (1,5 cm) over the upper edge of the skirt, matching center fronts, back and side seams. Pull up bobbin threads and adjust gathers to fit. Baste. Stitch close to lower edge of ribbon.

Pin remaining ribbon to previous ribbon, wrong sides together, having edges even. Stitch close to all edges of ribbon, stitching along previous stitching. Add ribbon ties to each end.

Decoration

Put Swarovski crystals on the ruffle around the neck and on the top layer of overskirt.

Use the Decorative Touch Applicator especially made for easy application onto the fabric.

Once your Butterfly Ballerina has put on the silk dress, tie the overskirt around her waist and watch her dance!
